## Messages

Thank you for your payment.

A rate schedule, an explanation of how to verify the accuracy of your bill and an explanation of the various charges is available for inspection in National Fuel Customer Assistance Centers and on our web site at [www.nationalfuelgas.com](http://www.nationalfuelgas.com). Please call with any question or complaint prior to the due date.

### BILLING INFORMATION - Understanding your bill

The State Regulatory Commission approves all charges for gas service. You may review a copy of our current rate schedule at any of our offices. You may do this to check your monthly bill or to read about various charges on your bill. Terms that may appear on your bill are described below.

**Bill Payment:** You can pay your bill by mail, by Direct Pay, online or at our local offices. You can also pay at any authorized payment agent where there will likely be a processing fee assessed by the agent at the time of payment.

**Budget Plans:** National Fuel offers several flexible budget plans. The most popular plan allows you to spread your payments over 12 months. Another lets you spread your payments over 10 months (from September through June), and then, in July and August you would pay for the actual amount of gas used.

**CCF:** One hundred cubic feet of gas; a measure of quantity. One ccf will heat about 160 gallons of your tap water to 130° F - the average hot water temperature.

**Customer Charge:** A monthly charge to cover Natural Gas Distribution Company costs such as maintaining the gas lines, meter reading and billing.

**Delivery Charges:** The charges for the delivery of natural gas from the point of receipt into the Natural Gas Distribution Company's system. The Pennsylvania Public Utility Commission regulates delivery prices and services.

**Estimated Reading:** Normally we try to read your meter every other month. We have estimated this reading because we were either unable to read your meter, or we were not scheduled to do so.

**Gas Supply Charges (commodity):** The charges for basic gas supply service, which is sold either by volume (ccf or mcf) or heating value (dekatherms). The Natural Gas Supplier you have chosen sets commodity prices and charges.

**Neighbor-For-Neighbor Heat Fund:** You may make voluntary donations to this fund to help qualifying individuals pay their utility bills.

**Notice of Electronic Check Conversion:** When you provide a check as payment, you authorize us to use information from your check to make a one-time electronic fund transfer from your account. When we use information from your check to make an electronic fund transfer, funds may be withdrawn from your account as soon as the same day we receive your payment, and you will not receive your check back from your financial institution.

**Online Services:** You can set up automatic payments, view billing and payment history, sign up for budget billing, and even submit meter readings.

**State Tax Adjustment:** A surcharge on gas rates charged to customers, which permits utilities to recover portions of various state taxes.

<b>Current Month Charges</b>		<b>280.52</b>
Includes the following Gas Supply and Delivery Service Charges:		
<b>Gas Supply Charges</b>		
Commodity:	338 ccf x 0.468994	158.52
